
IWC SCHAFFHAUSEN CELEBRATES ITS PARTNERSHIP WITH THE MERCEDES-AMG PETRONAS FORMULA ONE™ TEAM WITH A NEW TEAM WATCH

Schaffhausen, 16th January 2025: As the Mercedes-AMG PETRONAS Formula One™ Team gears up for the new season, IWC Schaffhausen launches a new team watch reinforcing its longstanding partnership with the team. The Pilot's Watch Mark XX Mercedes-AMG PETRONAS Formula One™ Team has a matte grey case crafted from lightweight and robust titanium. It features a black dial with details in Petronas green and a rubber strap in the same colour.

Since 2013, IWC Schaffhausen is the "Official Engineering Partner" of the Mercedes-AMG PETRONAS Formula One™ Team. With eight championships won between the 2014 and 2021 seasons, the Mercedes-AMG PETRONAS Formula One™ Team holds the record for the most consecutive constructors' titles. As the team prepares for the 2025 season and welcomes new driver Kimi Antonelli as teammate to George Russell, the Swiss luxury watch manufacturer presents a new watch dedicated to its longstanding partner.

In 2022, IWC released its first official team watch, the Pilot's Watch Chronograph 41 Edition "Mercedes-AMG PETRONAS Formula One™ Team" (Ref. IW388108) and in 2023, the Pilot's Watch Performance Chronograph 41 Mercedes-AMG PETRONAS Formula One™ Team (Ref. IW388306).

The **Pilot's Watch Mark XX Mercedes-AMG PETRONAS Formula One™ Team** (Ref. IW328210) features a 40-millimetre case crafted from lightweight

and remarkably rigid grade 5 titanium. Offering the highest strength-to-density ratio of any metal, titanium is also used in automotive engineering to produce car parts subject to immense stress, such as engine valves. After machining and sandblasting, the surface retains an attractive greyish shimmer. Printed numerals and indices in the team's signature Petronas green contrast the black dial. The hands for the hours, minutes and seconds are coated with Super-LumiNova® of the same colour.

The case back is engraved with small hexagons as well as "Mercedes-AMG PETRONAS F1 Team". Inside the case is the IWC-manufactured 32111 calibre, an automatic movement with a power reserve of 120 hours. Water-resistant to 10 bar, this watch is fitted with a Petronas green rubber strap featuring the EasX-CHANGE® strap change system. The Pilot's Watch Mark XX Mercedes-AMG PETRONAS Formula One™ Team will be worn trackside by team members including mechanics, engineers and race strategists during the 2025 season.

PILOT'S WATCH MARK XX
MERCEDES-AMG PETRONAS
FORMULA ONE™ TEAM

IWC SCHAFFHAUSEN

IWC Schaffhausen is a leading Swiss luxury watch manufacturer based in Schaffhausen in the north-eastern part of Switzerland. With collections like the Portugieser and the Pilot's Watches, the brand covers the whole spectrum from elegant to sports watches. Founded in 1868 by the American watchmaker and engineer Florentine Ariosto Jones, IWC is known for its unique engineering approach to watchmaking, combining the best of human craftsmanship and creativity with cutting-edge technology and processes.

Over its more than 150-year history, IWC has earned a reputation for creating professional instrument watches and functional complications, especially chronographs and calendars, which are ingenious, robust, and easy for customers to use. A pioneer in the use of titanium and ceramics, IWC today specialises in highly engineered watch cases manufactured from advanced materials, such as coloured ceramics, Ceratanium®, and titanium aluminide.

A leader in sustainable luxury watchmaking, IWC sources materials responsibly and takes action to minimise its impact on the environment. Along the pillars of transparency, circularity, and responsibility, the brand crafts timepieces built to last for generations and continuously improves every element of how it manufactures, distributes, and services its products in the most responsible way. IWC also partners with organisations that work globally to support children and young people.
