
IWC SCHAFFHAUSEN CELEBRATES MR PORTER 10TH ANNIVERSARY AND LAUNCHES EXCLUSIVE LIMITED EDITION PILOT'S CHRONOGRAPH

3rd May 2021 – To mark MR PORTER's first decade as the leading, global destination for men's style, IWC Schaffhausen has partnered with MR PORTER to launch the "10 Years of MR PORTER" Limited Edition Pilot's Watch Chronograph. This special collaboration is the first time both brands have developed an exclusive timepiece together – the watch is limited to only 110 pieces and is available exclusively on MR PORTER from Monday 3rd May in celebration of the 2021 anniversary year.

COLLABORATING FOR MR PORTER'S 10TH ANNIVERSARY

The "10 Years of MR PORTER" Limited Edition Pilot's Chronograph is significant in that it highlights MR PORTER's milestone year as a men's style destination, alongside its development in becoming a defining retailer and destination for luxury watches and original watch editorials.

Sporting a completely unique colour scheme and pairing a bronze case with a black dial and soft Alcantara strap, the military-inspired features give a more casual and sartorial feel. The watch is engraved with "MR PORTER 10 Yrs Limited Edition" on the individually numbered titanium case-back.

A subtle nod to MR PORTER's 10th Anniversary is showcased by a Super-Luminova® painted "10" on the dial. The gold-tone Arabic numerals complement the warmth of the bronze case, with high-contrast white luminous inlay on the hands.

Housed in a 41-millimetre case and powered by the IWC-manufactured **69380 calibre chronograph movement**. This robust, reliable and precise chronograph movement in a classic column wheel design is one of the latest developments by IWC's engineers. A bi-directional pawl winding system reliably builds up a power reserve of 46 hours.

"We are thrilled with our first collaboration with IWC SCHAFFHAUSEN, created to mark MR PORTER's 10th Anniversary this year. The end goal was to create a functional and easy to wear timepiece a stylish addition to any outfit, which the teams have certainly achieved with this limited-edition Pilot's watch."

Ms Fiona Firth, Managing Director, MR PORTER

"As well as demonstrating their excellent taste with a carefully chosen wardrobe, discerning men punctuate their innate sense of style with a serious mechanical wristwatch. The partnership between MR PORTER and IWC SCHAFFHAUSEN is so successful because we can offer both in one place. Everyone at IWC extends their warmest congratulations to our partner on its 10th anniversary and is looking forward to our continued collaboration."

Mr Chris Grainger-Herr, CEO, IWC SCHAFFHAUSEN

Readers will be able to enjoy a hands-on review of the watch featured in MR PORTER's digital magazine The Journal on 3rd May.

Height	15.3 mm

IWC SCHAFFHAUSEN

In 1868, the American watchmaker and entrepreneur Florentine Ariosto Jones travelled from Boston to Switzerland and founded the 'International Watch Company' in Schaffhausen. His visionary dream was to combine advanced American manufacturing methods with the craftsmanship of Swiss watchmakers to make the best pocket watches of his time. In doing so, he not only laid the foundation for IWC's unique engineering approach but also established the centralised production of mechanical watches in Switzerland.

Over its 150 year history, IWC Schaffhausen has developed a reputation for creating functional complications, especially chronographs and calendars, which are ingenious, robust, and easy for customers to use. A pioneer in the use of titanium and ceramics, IWC today specialises in highly engineered technical watch cases manufactured from advanced materials, such as titanium-aluminide and Ceratanium®. Preferring the principle of "form follows function" over decoration, the Swiss watch manufacturer's timeless creations embody their owners' dreams and ambitions as they journey through life.

IWC sources materials responsibly and takes action to minimise its impact on the environment, creating intrinsically sustainable timepieces that are built to last for generations. The company prides itself in training its own future watchmakers and engineers, as well as offering an excellent working environment for all employees. IWC also partners with organisations that work globally to support children and young people.
