## THE AQUATIMER CHRONOGRAPH EDITION “LAUREUS SPORT FOR GOOD”

---

IWC Schaffhausen unveils the Aquatimer Chronograph Edition “Laureus Sport for Good”. This is the 13<sup>th</sup> limited-edition timepiece presented by the Swiss luxury watch manufacturer as part of its ongoing commitment to support Laureus Sport for Good.

The watch is powered by the IWC-manufactured 89365 caliber, a chronograph movement with a flyback function. Stopped minutes are displayed on a sub-dial at 12 o'clock.

This robust diver's watch is water-resistant to 30 bar. The external/internal rotating bezel guarantees safe setting of dive times.

The watch is housed in a rubber-coated stainless steel case. It has a dial in distinctive Laureus blue and features black hands with a luminescent coating.

The case back features an engraving of the winning entry to the drawing competition which is organized annually as part of Laureus projects. This drawing on the subject of “Time to Learn” is by a 15-year-old Sri Lankan boy called Melan.

The Aquatimer Chronograph Edition “Laureus Sport for Good” (Ref. IW379507) is available in a limited edition of 1000 watches. Part of the proceeds will be used to support Laureus Sport for Good's work in using the power of sport to help end violence, discrimination and disadvantage around the world.
